

THE WORLD WATER ATLAS

Compelling narratives
and a platform for action

worldwateratlas.org

Tiaravanni Hermawan, Deltares

“Give me a powerful story
I can work with”

Mark Rutte, Prime Minister of the Netherlands

The meeting of Sherpas/Advisors to the Members of the High Level Panel on Water, Summer 2016

Too Much Water **Too Little Water** **Too Dirty Water**

The **World Water Atlas** is directed by the HLPW Action Plan, presented on September 21st, 2016

The Action Plan recognizes the need for “a platform where states can share and exchange lessons and good practices for addressing water-related disaster and translate them into solutions that can be promoted globally”.

 People
  Planet
  Prosperity
  Peace
  Partnership

Digital Platform

a growing and dynamic virtual environment

The World Water Atlas will also deliver:

- Short documentary films
- Hardcopy outreach
- Public presentations and debates

————— We need all of you —————
 Safe water for all is the ultimate reward!

19-23 March 2018 World Water Forum, Brasilia | 22 March 2018 World Water Day New York
