

Nature-Based Solutions

Implications on design, planning, governance and economics.

Fundación Torcuato Di Tella and Delta Alliance Argentinean Wing, Delft University of Technology (TUDelft) and the International Forum on Urbanism (IFOU) are organising a series of three webinars on nature-based solutions (NBS) which will be developed in a weekly sequence during November 2020. This initiative was selected in the Call “DA Wing Activities Fund 2020” of Delta Alliance International (NL) and is also sponsored by the Embassy of the Kingdom of the Netherlands in Buenos Aires.
