

The logo for DeltAlliance, featuring the word "Delt" in white and "Alliance" in blue, set against a background of a stylized, colorful map of a river delta with green and blue hues.

DeltAlliance

Towards an International Delta Alliance

A large background image showing several traditional fishing boats on a body of water. The boats are long and narrow, with large, conical fishing nets attached to them. The water is calm, and the sky is clear.

Selamat Datang

Indonesian Roundtable
Jakarta, 29 June 2009

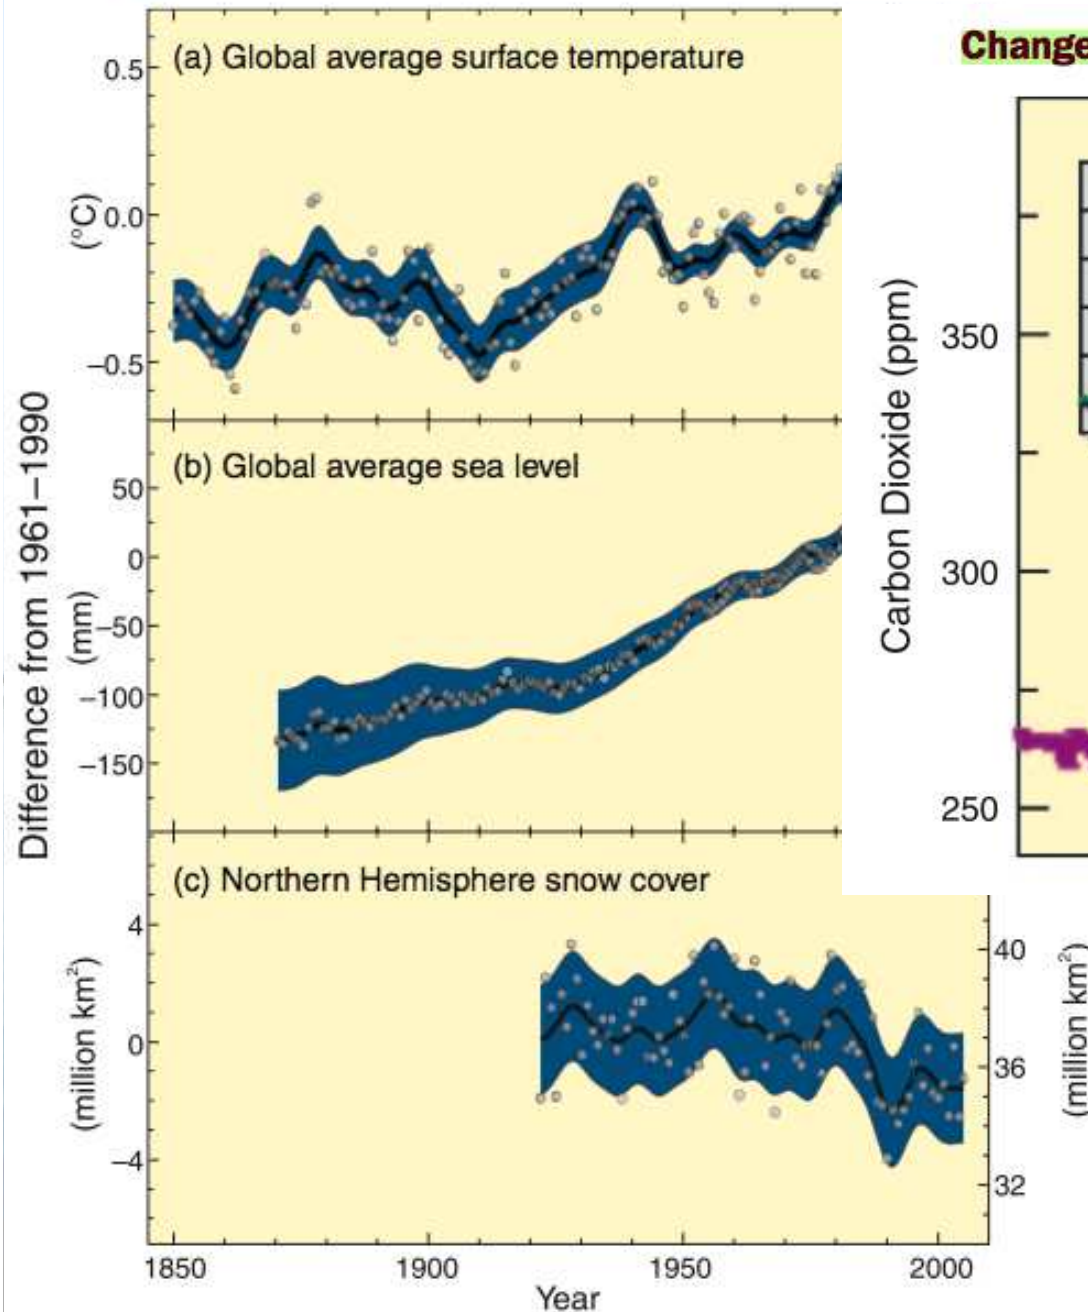

Roundtable Agenda

09:00	Welcome and coffee
09:30	Presentation: International Delta Alliance Ir. Kees Slingerland, Acting Chairman Delta Alliance
10:00	Presentation: Climate Change and Indonesia's Delta Regions Dr. Ir. Jan Sopaheluwakan, Research Professor LIPI
10:30	Coffee break
10:45	Roundtable on developing Delta Alliance internationally and within Indonesia
12:00	Lunch

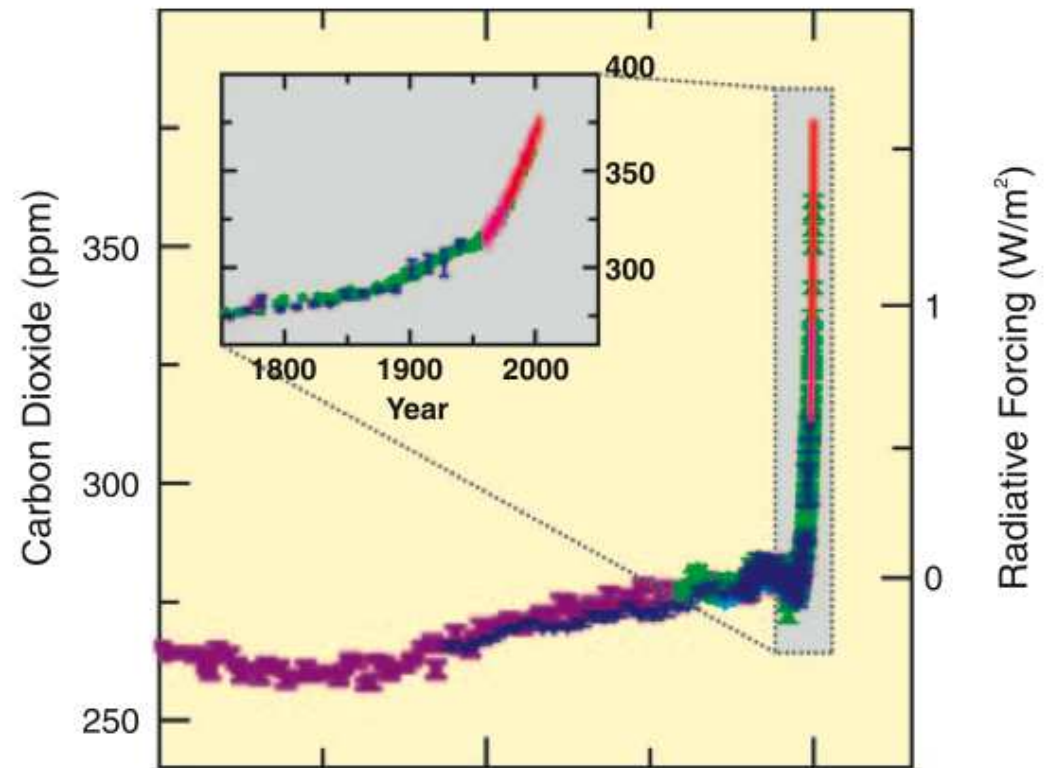

DeltAlliance

Changes in temperature, sea level and Northern Hemisphere snow cover

Changes in GHGs from ice core and modern data

Multi-model projected patterns of precipitation changes

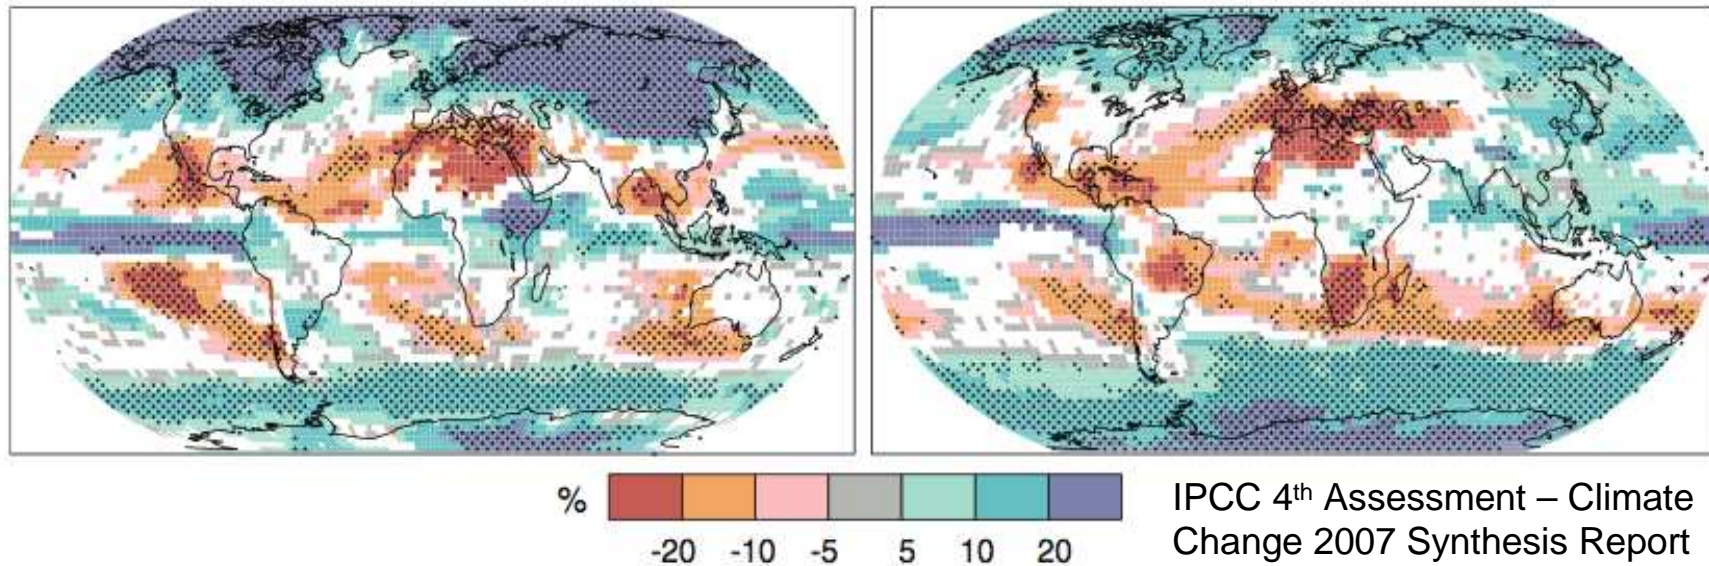

Figure C3.1. Relative vulnerability of coastal deltas as shown by the indicative population potentially displaced by current sea-level trends to 2050 (Extreme = >1 million; High = 1 million to 50,000; Medium = 50,000 to 5,000; following Ericson et al., 2006).

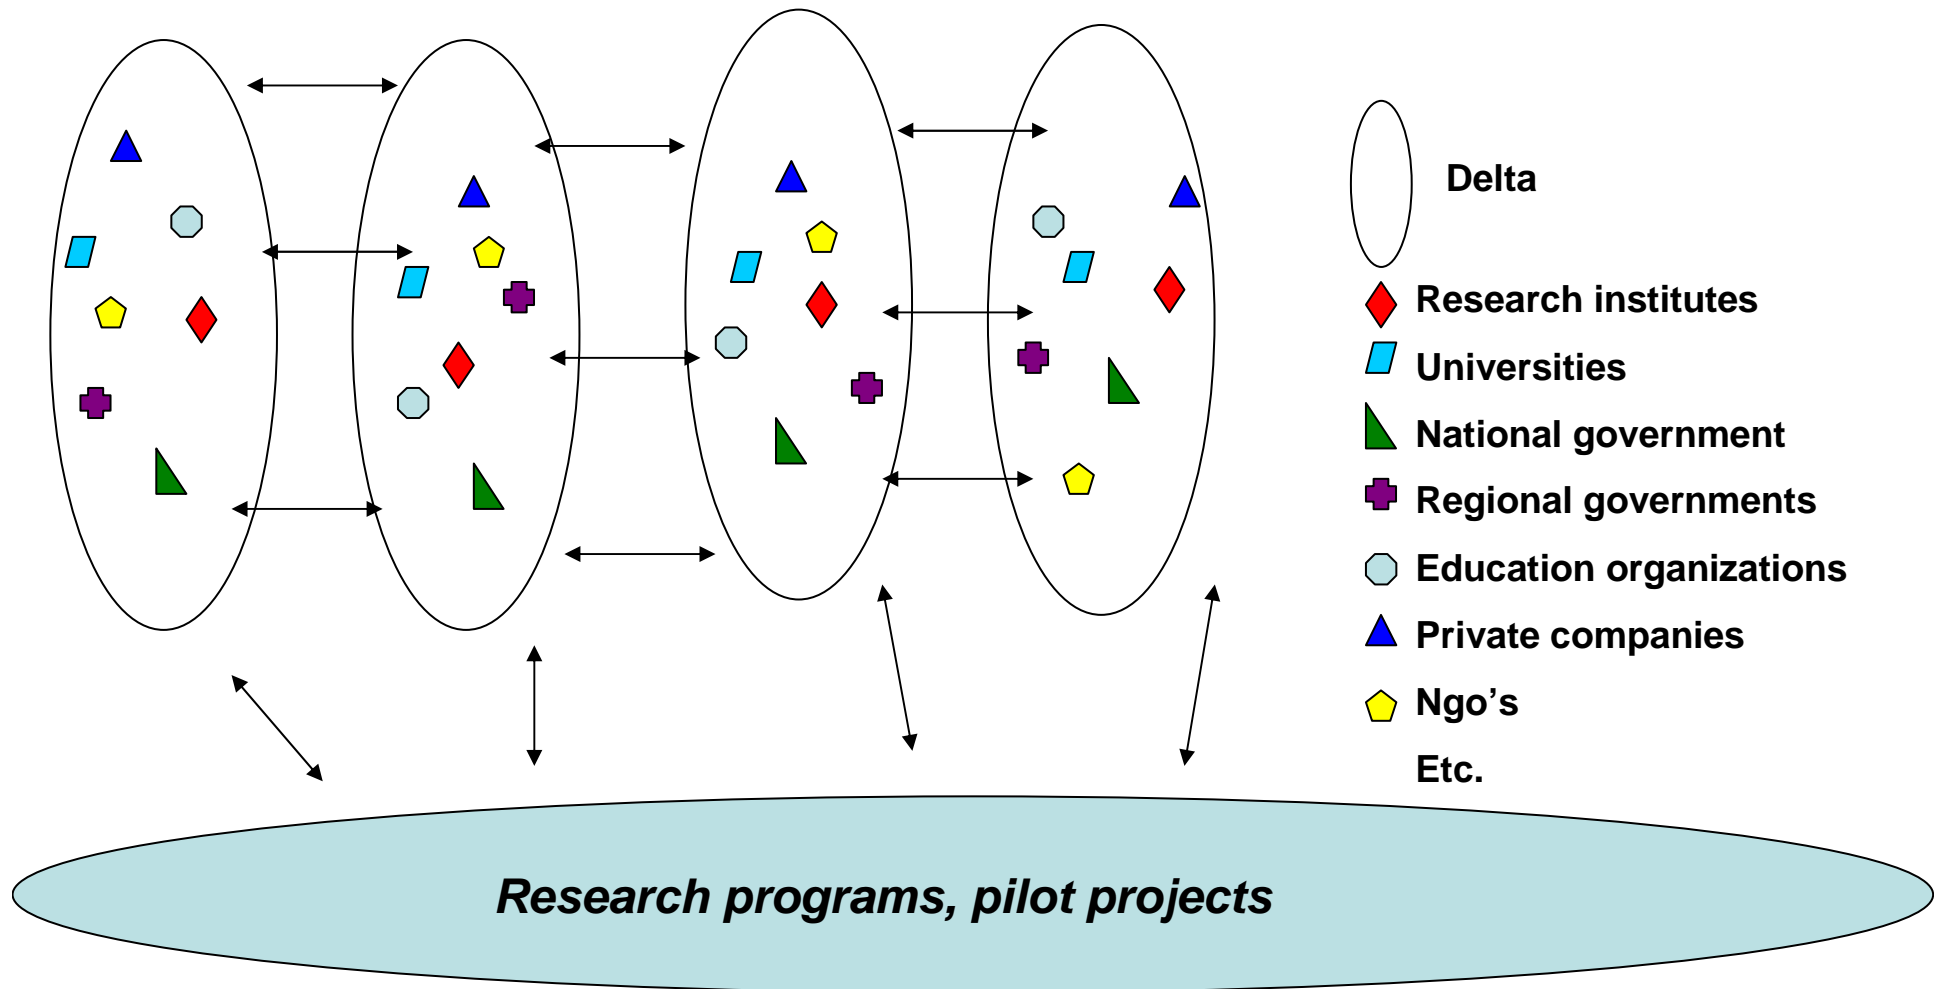

DeltAlliance

What are the benefits of Delta Alliance?

- Interdelta exchange of knowledge
- Open access to research results
- Sharp definition of research questions
- Advocacy for delta issues
- Less duplication and more additional research
- Better use of research results (internationally)
- Additional applications of research results
- Multi-stakeholders discussions (in all relevant combinations)

How could Delta Alliance function?

What activities are to be undertaken by the Delta Alliance *platform*?

- Newsletters
- Conferences
- Communities of practice
- One to one contacts
- Joint research programs
- Joint statements
- Expert exchanges

Delta Alliance Chambers

Inner Circle

Towards an Indonesian Chamber

Potential contribution by Indonesian partners

- To encourage the concept: ***Is it yours?***
- To join further developments
- To bring in projects
- To participate in financing (own contribution, Dutch funding, international funding)
- To share results
- To be constructive and transparent
- To be ready to guarantee continuation
